## We Changed Our Service Model

- In response to this change, the Fauquier Free Clinic broadened its services by offering care to Medicaid insured and uninsured patients.
- Approximately **1,700** additional people became eligible for Medicaid insurance benefits in Fauquier County.
- About **300** additional people became eligible for benefits in Rappahannock County.

**Our Impact**  
Medicaid

1 OF 3

*(out of 60 clinics in Virginia)* to engage with all six Medicaid plans.

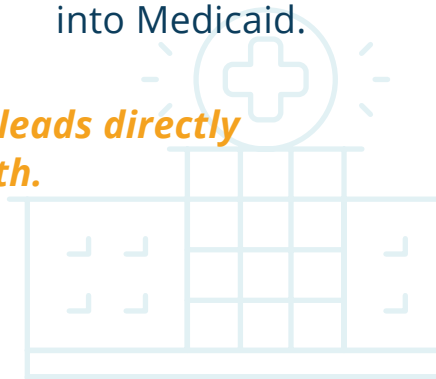

3RD

highest percentage of eligible patients enrolled in coverage statewide.

720

patients enrolled into Medicaid.

*We know that access to care leads directly to improved community health.*

# Highlights

Expanded our dental clinic program, now offering care 4-5 days a week

Our community oral health outreach program has visited 3 elementary schools and many other local events and has performed 264 dental screenings

Our clinical pharmacist provided 294 one-on-one counseling sessions with our patients for diabetic and diet teaching

Our collaborative care has continued to provide mental health services without a waitlist for this essential support

Implemented a mental health text-support line

We have grown a team, made up of 22 staff members and over 200 volunteers who have shared their time and talent with us, contributing immensely to our mission and success

# Looking Forward

## Perfect 20/20 Health

This year, we will continue working towards our vision of creating a community where all individuals, regardless of income, have the resources they need to be healthy

### Our 2020 Focuses

#### **Education**

We want to help, inform and support our patients in taking proactive health measures such as smoking cessation and diet and lifestyle changes.

#### **Integrate Care**

We will continue to provide comprehensive medical, dental and mental health care to the uninsured and those with Medicaid.

#### **Medicaid Re-enrollments**

continue to raise awareness about Virginia's Medicaid program, and encourage community members to check their eligibility status.
